## Customer Reviews

I bought it to give different activities for my class; but the book is small and the words are kind of too next to each other which makes a little bit hard for some kids to find the words.

Thank you! My mother love doing these word searches. As a Spanish speaker I am glad you had them available. I couldn't find any Spanish ones at my local bookstore.

What a great book A++++ can't wait to buy other ones just like it. And lots of pages with large print

I frequently do word searches and thought it'd be fun to try one in a different language.

Nice to find something in spanish at the right price.

Item arrived as described - fast shipping!

This is a fun way to practice Spanish.
