# Greek Mythology: A Complete Guide To Olympians, Titans, Heroes, Their Captivating, Ancient Myths, And Who They Were (Updated With New Chapters)

## Synopsis

Learn more about the fascinating mythology from Ancient Greece and get the Bonus Chapter about the Epic Clash of the Titans and Gods at a Discounted price for a limited time! In 1955 the poet Robert Graves wrote that Mythology had two main functions. One of these functions was to answer those awkward questions that many children ask, such as 'Who made the world?', 'Where did people come from?', and 'What happens when we die?'. The other was a more adult function; it was used to justify the reason behind an existing social structure and explain where traditional customs and rituals came from. The stories about the gods, goddesses, heroes and monsters that the ancient Greeks told were part of their every day lives. Those stories explained everything from the weather changing to the sun rising on a new day to why bad things happened to good people. Those stories gave meaning to the world. No matter how much time has passed, the lessons and legends told by the Ancient Greek society often have a relevant message to convey to us even today! Greek mythology unfolds before you as you educate yourself about the myths of primordial means by which the world came to be as perceived by the Ancient Greek society and the folklore they passed down through the ages. From Achilles and Troy to The 8 Labors of Hercules, to the clash between the heroic Olympians and the mighty Titans. Unmatched in appeal, Greek mythology, with its origin in antiquity, still manages to captivate the minds of the world, you need not look any farther than new A-list movies that emerge each year about the subject. Read now For Free with 's Kindle Cloud Reader Hereâ™s what you can expect to find in this bookâ | The Olympians, the Titans, the Demigods, the Heroes, the Monsters, and Who They WereThe Reign and Fall of UranusThe Moon and Her LoverHelios' Chariot and the Great Destruction/li>The Overthrow of Cronos and Zeus' Rise to PowerHermes and Apollo's LyrePerseus and MedusaAchilles and the Trojan WarAnd Much More! Here's what some customers thought.. Greek mythology has always fascinated me. Even though I watched many movies surrounding it, I never really knew the connections between the characters, etc. This books does a good job of showing how each character is related to each other. It shows who is the wife or husband of who, who is the child of who, and so on. The Titans, Olympians, Demigods, Heroes, and Mortals are all laid out in easy to read fashion. Many battles, like the Achilles and the Trojan war, are talked about in the book also. It is a refreshing look at all the Greek stuff that has many confused. If Greek mythology is interesting to you, then I know this book will help to clear up a lot of things about it. I benefited from the and surely you can too. -Juan deCampos I've always loved Roman and Greek mythology, and I've always read any book I get about them. My favorite goddess is Artemis. While a lot of what's written here are what I read from other books, what I like about this book is it is written in a more

concise way. It is easier to understand and, as for the basic understanding of Greek gods and goddesses, this book has all the basic information about the subject. This book is a good supplement for those starting to learn about Greek mythology. -Micha L Don't Wait! ## Customer Reviews

I started loving Greek mythology after watching the movie • Helen of Troy way back when I was a teen. I enjoyed it so much and I have several books on Greek mythologies since then. I find it interesting the way their belief affected their everyday lives and how it influenced on Greek art and architecture. I so love this book, it's a compilation of different Greek mythologies and a brief description of some of my favorite Titans and Olympians. To those who are passionate to learn about Greek mythology like me, I will highly recommend this book. I am loving every bit of information of it.

Personally, I am a love of Greek Mythology. That is why I even took a course in college that deals with it. I am always fascinated at the way the Greeks made their stories, they seem so believable

and real. And this book has once again shown me that Greek Mythology is always something worth studying about. I find this book very meaty with all the things I loved about mythology. And I get to read something new too. This is yet another captivating book that made me love Greek mythology even more. I had a great time reading Achilles and the Trojan War. This book surely captured my interest, from page 1 down the last.

I am really fascinated with Greek mythology stories. It has a vast topic full of interesting tales and twisted plots I have always loved Greek mythology among every mythology known in this world. . It gives us wide range stories of bravery, love, adventure, thrill and excitement. Also this books mainly focus on the first generation of titans and the importance of Olympians and famous heroes. The connection between the gods and the mortals, their culture and characteristics, and how each play a vital role in the story. It always fascinates me seeing more facts and getting to know more about each every character in it. This book is a perfect one to read when you want to get to know deeper about the Greek gods and other characters. Fully informative and enjoyable to read I really enjoyed this book it was very interesting to know the meaning of each Greek names and their history. If you are looking for more in depth book on Greek mythology this is the book for you.

Greek mythology has been my favorite subject when i was in my high school years. my favorite character is zeus and achilles. i still remember when i was in my 4th year level we had our play about Greek mythology. I really enjoyed this book it was very interesting to know the meaning of each greek names and their history. Greek mythology has change over time to accommodate the evolution of their culture.

Greek mythology has always fascinated me. Even though I watched many movies surrounding it, I never really knew the connections between the characters, etc. This books does a good job of showing how each character is related to each other. It shows who is the wife or husband of who, who is the child of who, and so on. The Titans, Olympians, Demigods, Heroes, and Mortals are all laid out in easy to read fashion. Many battles, like the Achilles and the Trojan war, are talked about in the book also. It is a refreshing look at all the Greek stuff that has many confused. If Greek mythology is interesting to you, then I know this book will help to clear up a lot of things about it. I benefited from the and surely you can too.

I just breezed through this book a few seconds ago and I'm very impressed with the purchase. I got

it during its free period and I'm really thankful for that but if this book wasn't I would still buy it. I have been reading up on the novel by Rick Riordan. It's about the Greek gods and goddesses and their demi-god children. I admit, I'm not all too familiar with all the stories that Greek Mythology has to offer so I'm a little clueless when all of a sudden the book brings up a character whom I'm not familiar off. I bought this book to quench my thirst and because I love reading! Greek Mythology is really something more and learning about it can be fulfilling in ways. Their stories are whimsical and funny (some are if you think about it in a modern age sense). Some stories gives a sense of pride and heroism.

The Greek Mythology is indeed unparalleled in its engrossing appeal. To date, it serves to be an inspiration to box office hit movies, literature and much more. This book gives a crisp yet fulfilling account of the Titans, the Olympian, their affairs, feuds and rivalries. It provides a through account of the heroes such as Achilles, Hercules and Odysseus. It also includes bonus chapters divulging some enthralling secrets that are less known about the characters of the Greek Mythology. Overall this book is very informative for Greek mythology.

This complete text of the definitive classic, citing all the ancient myths. I had initially purchase it then but I basically only looked at it from time to time when I wanted to know about certain myths or gods, and thus there was always something that I could look up which would give me pleasure. But then you think about the Greek Myths, and it wasn't until I went through and through that I found myself indulging ever so often. This book is certainly a must have as it is captivating and enthralling!
