Special Education Law, Pearson EText With Loose-Leaf Version -- Access Card Package (3rd Edition)

Synopsis

This title is only available as a loose-leaf version with Pearson eText. *Special Education Law, 3/e* captures the evolving nature of special education legislation "from historic bases for special education services, to the first passage of IDEA, to the Improvement Act of 2004. Using carefully selected cases, it illustrates the background for each enacted law and offers case briefs with questions to prompt discussion. An in-depth look at six legislative principles untangles complex issues of free appropriate public education, nondiscriminatory evaluation, program development, least restrictive environment, procedural due process, and parental participation. Fully revised, this edition includes information on Rosa's Law, the latest CEC ethics standards, sections on RtI and EIS, and a new chapter on future issues in special education. 0133399850 / 9780133399851 *Special Education Law, Loose-Leaf Version with Pearson eText -- Access Card* Package consists of: 0133123332 / 9780133123333 *Special Education Law Loose Leaf Version* 0133398013 / 9780133398014 *Special Education Law, Pearson eText -- Access Card*

Customer Reviews

This was a required text for a college class I was taking and it was so disappointing. There doesn't seem to be a clear time line laid out and as a class we found many issues, so many that our professor had to supplement this text with correct information that made sense in the form of handouts. If you don't HAVE to purchase this book don't.

This book was required for one of my classes and I thoroughly enjoyed it! I learned so much that I

had no idea about. I liked the loose-leaf format more than I originally thought I would and will probably use loose-leaf books in the future.

I was required to have this textbook for a special education law class. I had the option to rent or purchase and I am very glad that I decided to buy it because it is a great resource and full of valuable information. The book is a very easy read and easy to understand. This will be a great book to have on a book shelf in a classroom to reference when needed. One thing I did not like about it is that it is loose leaf. I am unsure why it comes that way, but make sure that you have a large binder to put it into when you receive it. Overall, I am very satisfied with this textbook!

Arrived on time and how described

Book arrived on time and in great condition. Bought it for a class. Just know that it is loose leaf but all I did was bought a binder and it was all good.
