Criminal Courts: A Contemporary Perspective

Synopsis

Written by three leaders in the field, this comprehensive and accessible text for undergraduate courses explores all conventional topics (court structure, courtroom actors, and the trial and appeal process) as well as others seldom covered. The text first reviews the judicial function, the role and purpose of law, sources of law, the various types of law, and the American court system structure and operations, both state and federal. The participants in the system are discussed next, followed by the pretrial, trial, and posttrial processes. A wealth of pedagogical tools adds valuable related content, ranging from the points of view of court process participants to comparative information to hotly debated topics.

Book Information

Paperback: 536 pages

Publisher: SAGE Publications, Inc; 2 edition (December 20, 2012)

Language: English

Customer Reviews

Excellent!

Exactly what my son needed for his class at a cheaper price.

When I received the book the paperback cover was not even attached to the pages anymore. Now I have to keep up with both parts of the book. very dissappointed

thank you I'm happy , please if will you have good deal for sell on this book I'm interested.good day
