# Hafiz, The Voice Of God, A Hundred Odes

## Synopsis

In what might be one of the most definitive English translations of Persian mystic and poet, Hafiz, the English and Urdu translator Khalid Hameed Shaida has produced this stunning and lyrical collection which could prove to be as timeless as it is inspired. This is a powerful, at times playful, collection of the Sufi master's first one hundred lyrical poems, or ghazals, that brings to fruition love, mysticism, and other Sufi themes. With a keen sense of timing and verse, the translator is able to capture the lyrical quality as well as Hafiz's profound message that possesses elements of modern surrealism. This compilation stresses form and verse as it weaves a nearly magical intensity that will have new readers falling in love with an ancient master of poetry and aficionados of Persian mystic period appreciating timeless odes in a creative and inspiring voice.

## Customer Reviews

I have read quotes from Hafiz in the works of other authors which were intriguing enough to get me to purchase this book. It is a long, exaggerated description of unrequited love. The translation is poorly done. The rhymes are stretched beyond credulity. There are jarring anachronisms. This was absolutely a waste of time and money. If I could give it zero stars I would.

No matter what religion you profess, the word and wisdom from God is the same. Even if you don't profess a God, the philosophy in these pages are right for all who desire to live a good and fruitful life.

Hafiz (or Hafez) is a 14th century Persian poet. This is a modern translation of 100 of his odes. He seems to have been quite a libertine, especially by 14th century standards! I'm not sure I like this translation. On a poetic level, it just doesn't flow well. While they are occasional bright spots, it generally has the feel of 4th grade poetry. I also have reason to suspect that this translation is rather loose in diverting from the text. Of course, I don't have the expertise, familiarity with the work of Hafiz, or the resources to verify that 100%. I plan to read a different translation of Hafiz's poems, probably Richard Le Gallienne's translation). I'm absolutely certain it will be a better translation.

I have always enjoyed the writing of Hafiz. The Kindle format is nicely paginated for easy viewing. So many classics are thrown together for e-readers, it was a pleasure to read one that is a bit more professional.

Another work of Hafiz brought to us by Khalid Hameed Shaida that picks from the best of Hafiz whom we all know is so devoted to God that ones sometimes gets the feeling he had a direct line to him (God) and could access him any time he wanted. Hafiz is clearly a man who "experienced" God first hand and could only speak of the experience with poetry. Sweet! I love the essence of teachings is not lost in spite of rhymes. It's a wonder to be able to put words without putting the personal opinion while translating the inner meaning of mystics. I would read it again. Thank you. KK

I loved these poems. Will reference them now and again. They change meaning as life passes, and lifts you when lifting is needed. Will keep close to me and share time over time/
