Synopsis

This fascinating, Spanish-translated nonfiction book will allow elementary readers to discover the dangerous and strange creatures of the deep ocean. Readers come along on deep sea exploration to learn about marine animals they may have never heard of, including gulper eels, yeti crabs, and deep-sea lizardfish. With detailed stunning photos and images, informational text, a glossary of terms, and intriguing facts, children will be excited to learn about these unbelievable predators.

About Shell Education Rachelle Cracchiolo started the company with a friend and fellow teacher. Both were eager to share their ideas and passion for education with other classroom leaders. What began as a hobby, selling lesson plans to local stores, became a part-time job after a full day of teaching, and eventually blossomed into Teacher Created Materials. The story continued in 2004 with the launch of Shell Education and the introduction of professional resources and classroom application books designed to support Teacher Created Materials curriculum resources. Today, Teacher Created Materials and Shell Education are two of the most recognized names in educational publishing around the world.
