## Customer Reviews

I purchased this book with the intention of reading it to a group of 150 impoverished Ecuadorian children in Quito, Ecuador. The children range in age from 5-11. THEY LOVED IT!! They were particularly responsive to the funny, mischievous antics of Harry as they oohed and aahed after I had finished reading each page! It was a good lesson about how to be yourself too. The children immediately shouted "otra vez!" after the first reading. I obliged with 2 more readings!

The most important thing for me about the Spanish versions of the children's book is the translation from the original version. They did a great job with this one, I would definitely recommend for someone who is raising a bilingual kid.

The images look wonderful, the text is large and appropriate for young children. The Spanish

translation is overall very good, surprisingly! One page says "Se lanzÃ escaleras arriba" and such verbal choice is not typical of Puerto Rican Spanish. We don't say "He threw himself up the stairs," odd construction. Other than that, which is a minor detail that can be skipped when reading by replacing it with another word, the book is truly nice.

I am a bilingual speech pathologist. I bought both the English and spanish book. The students Pk through 5th grade loved learning different things with this book. After reading it, we played with plastic dogs in a plastic bowl full of dirt and washed them with a brush.

El mejor libro en espaÃ ol para niÃ os de 2 aÃ os. Los mantiene entretenidos aun en una historia larga. Los dibujos son espectaculares, old style.

It's a delightful book in the original, which I read as a child, and just as good in the Spanish translation. The language seems just right. My 21-month-old instantly loved it and currently wants it read to her daily (sometimes several times in a row). She enjoys the illustrations--simple but full of things to look at--and loves searching for "Hawwy" on every page as he gets dirtier and dirtier. And it's just the right length for the attention span of a book-loving toddler (but a toddler nonetheless!).

Its a fun, touching story about a dog that ends up loving the very brush that he despises at the beginning of the story. Good message and my daughter requests it every night:)

Our Spanish is pretty limited, but this is a great book for improving it as the pictures really tell the story and my son loves (and, I think, identifies) with the dog that doesn't want to bathe.
