## Customer Reviews

I recommend this book to those that are looking for an inspiration and a good jump start in spiritual endeavors!. I purchased this book for myself in the past and I did it again because a good friend of mind wanted this book for a long time. The book arrived in great condition and on time.

La iluminaciÃ³n no es algo que estÃ¡ en el futuro, pues el futuro carece de existencia, no es un camino que recorrer pues no tenemos que llegar a ningÃ³n lado, la iluminaciÃ³n estÃ¡ aquÃ-

ahora... Quieres vivir tu iluminaciÃ³n? Bien prepÃ¡rate para despertar!!!

This "divine" spiritual book dramatically changed my life. As a revelation, Paramahansa Yogananda has inspired me to create blogs on Blogger such as El Periodista Espiritual, El Yoga de Jesus and The Spiritual Journalist. This is a spiritual jewel from a "spiritual prodigy" like Dr. Deepak Chopra has said. As an educator myself [human consciousness education], an internationalist and journalist, I can say that Yogananda's teachingsâ "Self-Realizationâ "a gift for the world, will eternally vibrate within my consciousness and I truly hope that will vibrate as well within those souls thirsty for knowledge on the science of God realization, the science of Yoga. As it is said in the Bible [Psalm 46:10] "Be still and know that I am God." In these few words lies the key to the science of Yoga. I can not compare anything that I have learned in my 40-something-decades of life with what I have learned so far in Yogananda's magisterial lessons. As something that has been evolving within my personality which is the "Spirit of the Arts," it is my compromise to artistically create blogposts and recordings from my param guru, Paramahansa Yogananda and be able to help spread his message on the science of yoga via the Internet.

Lo lei hace como 25 anios, cuando estaba recien salido del horno y no entendia practicamente nada del libro, solo me decia quiero algun dia entenderlo. Me inspiro a buscar ser como Yagananda y desde entonces no he dejado de estudiar todo esto. Y despues de tantos anios lo vuelvo a leer y ahora entiendo todo y no solo eso, puedo decir que es muy cierto y las experiencia vividas de Yogananda nos dejan mucho, es un libro que no te aburria y muy recomendable. Y un saludo a todos los habla hispanos!!

Siempre he pensado que estamos diseÃ±ados para evolucionar espiritualmente. Este libro provee las herramientas necesarias para alcanzar este elevado fin. Esta obra constituye un tÃnico para el alma y la existencia de los seres humanos.

This is a like changing book. Steve Jobs read this every year. I din't wonder why. This is the best bool I've ever read.

Para quien abre su mente a otras posibilidades, siente que hay algo mas y tiene curiosidad por ello, este libro pudiera ser el comienzo de una nueva manera de ver la vida. Lo disfrute mucho, me encanto. Este conocimiento va mas alla de religiones, dogmas y creencias de cualquier tipo. Si

alguien siente la necesidad de leer este libro, recomiendo que lo haga, no se va a arrepentir.

Paramahansa Yogananda es un increíble autor. Su lectura es muy amena, muy sencilla y fácil de entender. Cuando se lee este libro parece que fuera un libro de ciencia ficción por las increíbles anécdotas que cuenta pero todas son verdaderas. Cuando termine de leerlo me di cuenta cuánto trabajo tengo por hacer y no quiero perder mi tiempo. Nuestra meta es crecer espiritualmente.
