This book opened up all of my emotions. I couldn't stand Errick at first. For the way that he did Rachel. His parents were so sweet and kind the way that they helped her. Saxon is just amazing his love was unconditional. Natalie was just stupid. I cried got mad, then got happy reading this book. Every man should read this book and I bet you they will see things in a different ways. Errick had to face some hard reality. And then and only then did I cry for him.

Omgosh! This here book is definitely worth 5 stars! Its a nice change from all the books I usually read regarding drugs, guns, and violence. From beginning to end I was on an emotional rollercoaster. My heart ached for Rachel after that jerk Errick left her the way he did. I could punch Errick right in the face for acting the way he did especially towards the end of the book. But when BAE Saxon came along I was so happy for Rachel. He was persistent and eventually won her over. I was happy she finally got over the hurt and let Saxon love her the way he did. The ending shocked the heck out of me....but I kinda was feeling something like that would happy. It was great to read everyone coming together and becoming one big blended family. I would highly recommend this book for others to read.

After being devastated and heartbroken by her fiance, Rachel is forced to move on with her life, even if that wasn't part of the five year plan. Saxon comes along and Rachel realizes that she can love again. Errick, doesn't realize until it's too late that his selfish ways cost him so much more than he realized. This was a good book, my first read as by this author. I was pleasantly pleased, and a little heartbroken at the same time.

This was story like non I have ever read.....I actually shed a few tears reading this one.....all that Rachel went through.....being up....down...sad....happy and then to have the root of her sadness pop back up and decide he wants to be a part of her life.....and the baby life....I would have been a mess just writing this book.....I loved everything about this story....even tho at times it made me wanna reach in the pages and shake some folk (Natalie...Errick) It seem that Kendra Reeves really put her heart and soul in this book....she is also letting her readers see that even in today's

world....."FAMILY" still exists.....Excellent job....

I was recommended to read this book and I'm so glad that I did. So many emotions wedged reading this. The grass is greener on the other side, sometimes you can't go back, and God has a plan for everything. If you want to read a good book by a talented author that is not urban street lit and has a different feel this is it.great job

This story had me in my feeling from the start until it ended. It was emotional, and amazing. I'll admit a few times I cried. If you aren't ready for an emotionally charged novel then stop now.. But if you do, you'll miss one of the most intriguing books for this year. Rachel was a big girl and a dedicated teacher. She was engaged to a man with a five-year plan. When Rachel came home and told him they were expecting, he freaked all the way out... He called their baby ' It'. When Rachel refused his demand, Errick left and moved to Phoenix.. He had the correct name because he errked me to no end. A few weeks later Rachel met Sax Carmichael, as he was picking up his niece. Rachel was her teacher. Then at her doctors appoint she saw Sax again. Sax was an OBGyn doctor in practice with Rachel's doctor. From there the relationship began after a minor accident at his sister's home. Sax became the man in her life, the one she could depend on. They grew into their love and support of one another. After the baby was born, Sax and Rachel married. On Kerions first birthday party Errick returned claiming to still love Rachel. Over the next few months Errick realized his mistake and tried to ingratiate himself into his daughter's life. I was so happy Rachel loved Sax enough to stay with his realness. My heart broke with the way their daughter's situation turned out. In the end that event catapulted both families to being better people.. This book was one of the most amazing books I've read in a while. 5 Star!!

I went through every single emotion while reading this book! Errick was scum! I hated his character with a passion! Rachel was written as a strong woman & I loved her for it. But the true star of this story, the real MVP was Saxon! That man that man!! He's a dream come true! Story was well written, the emotions displayed by the characters were realistic, & the ending was so unexpected. Gosh it's so hard to not give the story away so just buy & read for yourself! The author does not disappoint!

I found this book a good read, for cost. Heavy subject matter that was handled any a very Christian way with love and respect. I was truly amazed how Natalie's issues were dealt with by the author.

Was very concerned that it would take a bad turn. Kiernan was an angel, and the loss of her life for both families was very hard. I teared up when she died!!!!!!
