Customer Reviews

Everyone, everyone, look unto me! I possess the Ultimate Fan Guide! I have seen the wondrous pages, and you will envy me, as though I were a victorious red and not a dirty blue! I regret nothing about buying this book, for I have purchased a guide which few fans have dared to buy! My fanatic quest is over. I can read Caboose's wisdom. It's so... stupid. This is the best ultimate fan guide... of all time.

Hubby is a HUGE fan of Red vs. Bleu and all things Rooster Teeth. He blew through this book in two days as a good chunk of the information was something he'd already known based on being a

fan of them for so long. He enjoyed it, and now it's part of his ever growing Rooster Teeth collection and he's happy as a clam because of it. No need to repurchase, but if anyone is a RT/RvB fan - this is a good little guide to have.

This is a fun little supplement for the hardcore RvB fan; I particularly liked the dialogue chapter about how Washington joined Freelancer. That said, there are a few typos and other errors that could have been caught by a thorough proofread. I didn't go into the book looking for mistakes, but I found it rather jarring when they did pop up. I hope future printings include another edit so that the text can be perfect, as the show deserves.

Pre-ordered this months before it actually came out. Great if you're an RVB (or rooster teeth) fan. Perfect for a car ride or traveling as it takes you through all the seasons of RVB, the characters, their stories, all the variances of Church, and so much more. A great read and product in general.

I love these characters; they are like family. I thoroughly enjoyed learning more about them and the universe in which they live. Thank you, Rooster Teeth, for taking my money and giving me something delightful in exchange. You are wonderful!

The book is intense and full of surprises. Everything you want to know about the story is all in the book. The things that are unclear have been made clear like the personalities of the characters are also in the book. It is a good book and a must read for all RVB fans.

This book is the perfect book for those who are fans of the web series Red vs Blue. When i received this book, it was in bad condition like it was a hand-me down book but a simple replacement got that issue fixed. I do wish it would come out in hardcover.

I am a total Red Vs Blue fan and I love this book. It is very well organized, you can tell that it is written by the same people who wrote the scripts. I watch Red Vs Blue all the time and even this book has some information I had no knowledge of. This is a book that an RvB fan should definitely get!
