## Customer Reviews

It was very easy to play along to because it is large print and it has the name of the note written inside of the note (if that makes sense)It is only the melody, so there is no harmony.It comes with the guitar tabs written in (it doesn't say how to play the tabs).It comes with 12 songsThink of me, Angel of Music, The Phantom of the Opera, Music of the Night, Prima Donna, All I ask of You, Masquerade, The Fairground, Journy to the Cemetery, Wishing You Were Somehow Here Again, The Point of no Return and Learn to be Lonely.The book is 64 pages long and comes with some pictures.The only downfall to this book is that each song lasts 3-4 pages.(So you have to kept turning the pages)

I bought this version thinking it would an easy to play version for the piano (with notes for both hands.) It actually only has a single note at a time for the right hand and no notes at all for the left. It has the chord names listed above. On the bright side, it's forcing me to finally memorize my chords

(at least some of the basic ones- I found a chord chart to help me). I can play the songs easily, I'm just not really creative at ad-libbing the left hand. It might be useful for guitar I suppose...

The book arrived in a timely manner. I have enjoyed playing from it. Thank you for the excellent service. sincerely, Joy A. Kennedy
