Really Enjoyed this series. The only bad part is that the books are not even as long as a comic books that my granddaughter reads is. I only read this series as it was a whole set which makes it better. I'm so happy that your books are now longer, that way you really get the feel of the book and people in them. But all in all love your writing and style

I love this series, great characters and solid world building. The Denynso of Uoria are being attacked by the Klimnu and through each book you discover more of the powers that the Kilmnu possess and what or who they are after. The Denynso King and Queen have opened there home world to a select few through a university program. Those selected will stay on Uoria for 6 months. Some of the Denynso warriors want nothing more than to find a female to bond with, to love and protect. The only problem with that is the females they bond with are human and are not the type to be coddled, they will stand next to their males not behind them. In each bonding there are struggles that will they will fight to overcome and feelings that they try to deny. I received an ARC for an honest review.

are you kidding me?! LOVED it! and loved it so much i just bought the UORIA mates II. and the author even wrote to me letting me know she how she came up with the idea. wow love the personal info and again, I LOVED THIS SERIES!!!! lol gimme some Denynos warrior males-and maybe have a few with twins and finding their mate on earth. or maybe the birth of twins or triplets?

Ruth Anne is a new to me author, so I've never read anything by her and I am sorry for that. She took me to a different world filled with smoking warriors looking for their mates. Each tale unfolded differently for each couple, taking me on yet another rollercoaster ride.

This set of books are great reads. The stories move along, each book picks up where the previous one ended keeping the main story line a continuation through all of them to the end of the last one. Everything is answered by the end of the last book. The second set is a must read after reading the first set.

I read, "Taken for the Alien Prince". And I was very intrigued with this author. So I bought Alien Romance Box Set: Uoria Mates 1. Best decision I've made in awhile. Loved how these domineering aggressive males turn to mush over the love of their mates. My favorite so far is Ty (Tyrant), his name is awesome. Going out by box set 2. I hope that Jem is out there somewhere. Can't wait to hear his story. Ruth Anne Scott love your talent, your imagination ROCKS!!!

The version I received has not only the Uoria Mates series, which takes up the first half of the book, but also The Chosen and another series in the second half. I only read the Uoria Mates stories and will come back to the rest later. The UM is a good, light read that got better as it went along. The warriors were surprisingly emo and the human women were feisty. The enemy was ruthless in their pursuit of achieving their goals. Each story features a different couple, five in all, under a continuing storyline. Since the bundle is laid out consecutively, books 1-10, it is easy to follow. It was well worth the 99 pennies.

I love this series about aliens and how they got/found their mates. This box set is well worth the \$.99 because you are getting ten books and just think, you are paying a penny a book and getting one free. There is so much action, adventure, danger, drama, suspense, intrigue, villains, mystery, romance, and love. Each book is unique in how the alien comes to win his mate and the trouble he goes through to reach that goal. If you love alien books, then this box set is one you need to add to your collection of books.
