I actually liked this story, it kept me wanting more. I actually would've liked it more if the other characters spoke. There is no backstory no character development. Sierra was a special type of grimy..... I actually cheered with thoughts of her being dead... She wasn't a very nice person and she treated people like her very own personal ATM. The story could have been awesome if the writer took more time to develop the characters. It left me feeling cheated--why is sierra so messy? I

don't think the story was long enough, it felt somewhat rushed.

I thought this was a decent read for a short story. It had your typical hood rat plot about a female who was willing to screw over any and everybody for a come up or quick buck. But what goes around comes around and this chick got a cold dose of reality at the end. The story itself had a steady pace with a few twists and turns, some were predictable and some were not. I really wish the story was longer because it had alot to offer. It also would have been better if the other characters spoke from their point of view more. Overall I rate this a 3.5

Okay now! Must say I really enjoy this free read. Click it and read it in one sitting. Sierra and Tato just scandalous individuals. The lies, deceit, and betrayal in this read was something else. Nicely Done. Now I'm about to jump into the Second part. Because THAT ending with THAT knock and Force in Entry got me wanting to Know.

Watch out!! Sierra doesn't care about anyone or anything except stacking her money!! Met some surprises on the way and was thoroughly entertained!! Part 2 has been pre-ordered with an anticipation date of July 30th!! Can't wait!!

This chick lives for the money she has 3 kids 2 baby daddies. She gets money for the kids from sis and their fathers but that is not enough for her so she sets up drug dealers, well she picked the wrong one and when things went bad she lost 2 of her kids in a fire and lost custody of the other one all thanks to her greed

Loved it, first time reading this author. Story stayed interesting from beginning to end , a definite must read. I'd definitely read books by this author again

when I started this book I didn't expect what I got . You have a new fan Ms ShonTaiye great job.

Hoodrat Sierra and her equally scandalous cousin, Tato were a Mess! The book was really good-equal parts good writing and skills, I can't wait for the next book from this author. Great job! *Download to continue reading...*
